

VANCOUVER & VICTORIA

PROGRAMS AT UVic

The West Coast of Canada is rich with the beauty of nature, which excites and inspires our students. They are able to actively learn as they travel and explore alongside Bodwell's experienced staff. Outings include whale watching on the Pacific Ocean and visiting natural habitats of plants and animals in the parks, forests, and shorelines around Victoria.

In the Programs at UVic, students will develop an appreciation for nature and understand the importance of sustainability and protecting the environment.
